We don't just carry spare parts, we also design and develop our own machines, bringing you the latest technology to maximise throughput and efficiency and minimise cost and waste . We can offer complete systems and a wide range of equipment: from live bird handling, killing and defeathering, evisceration, chilling, cut up, deboning, vacuum transport system and offal

processing. All the machines we build match (and often exceed) the standards of European imports, and we can custom build to your needs. You will enjoy the benefits of faster delivery time, lower price and equal or better quality.

We can supply you a complete line from hanging to cut up, from 500 to 5000 per hour, soft scald or hard scald. We can design a new layout, supply you with an entire new processing plant or work with you to assess your existing operations and produce a Plant Upgrade Plan that will see your facility working at its maximum potential and within your budget.

Have an engineering challenge for us? An idea you want brought from concept to design, to fabrication of a prototype? We have the technology and the expertise to meet your needs. Our engineering experience within your industry means you can be sure we'll understand your concept and help you see it through to reality.

Dear Sir/Madam,

TARIFF CONCESSION SYSTEM

NOTIFICATION OF APPLICATION

An application has been made for a Tariff Concession Order (TCO) as described in the attachment.

The Tariff Concession System allows for a concessional rate of Customs duty where it can be established that on the day on which the application was lodged, no substitutable goods were produced in Australia in the ordinary course of business.

To allow for comments by local manufacturers, all applications for Tariff Concession Orders are published in the Commonwealth Gazette. In this instance, Customs is bringing to your attention Gazette No. TC 13/45 on 13 November 2013, in which a description of the goods in the attachment will be published.

In accordance with section 269M of the *Customs Act 1901* you are invited to lodge a submission objecting to the making of this TCO if you consider that you have any reasons to oppose the making of the TCO.

Objections to Tariff Concession Orders by local manufacturers must be submitted on an approved form. As required by legislation, your submission must be lodged with Customs in accordance with the methods of lodgement specified on the approved form no later than 30 December 2013.

Yours sincerely

Dear s.47F,

TARIFF CONCESSION SYSTEM
APPLICATION SUCCESSFUL

I refer to your application for Tariff Concession Order (TCO) Number TC 1334128 lodged on 11 October 2013.

As a delegate of the Chief Executive Officer I am satisfied that the application meets the core criteria on the basis of section 269C of the *Customs Act 1901* and have accordingly made a written Tariff Concession Order.

The decision to make a TCO will be published in Gazette Number TC14/05 of 5 February 2014.

The TCO, as detailed in the attachment, will also be published in the Schedule of Concessional Instruments as soon as possible.
