

*“The number of SHEV/TPV applications lodged post August 2012 where there has been representation by a migration agent / alternatively those unrepresented”*

As at 29 September 2016, there were 8629 TPV/SHEV applications lodged by IMAs under FT processing (post 13 August 2012 arrivals). Of these 5356 were represented by a migration agent and 3273 were not represented by a migration agent (including not recorded).

This information provided by the Department of Immigration and Border Protection was extracted from Department systems as at (29 September 2016). As information has been drawn from DIBP systems it is subject to change as information is updated or revised and therefore may differ from previous or future reporting. This information may be subject to some confidentialisation to protection the privacy of individuals.

*“The number of ITOA assessments still to be processed by the Department in relation to the pre-August 2012 cohort of IMA's.”*

There no ITOAs being processed in relation to the data breach. The 18 ITOAs currently under consideration by the Department for the pre-August 2012 cohort of IMAs are related to visa cancellation and visa decisions affected by case law.
