## FOI Release: Review of the Nauru Files

5 January 2018

In August 2016, the former Department of Immigration and Border Protection (DIBP) initiated a review of all redacted incident reports published by *The Guardian* to ensure the incidents were reported appropriately and that any individual subject of a report had received appropriate care and support.

The documents captured in this FOI release provide point in time views of the analysis of the incident reports. Reporting continued to be refined as further information was received and analysed.

The outcomes and conclusions of the Department's review were reported to the Senate in October 2016.
