CUSTOMS ACT 1901**INTENTION TO REVOKE TARIFF CONCESSION ORDERS**

The Comptroller-General of Customs intends to revoke the Tariff Concession Orders (TCOs) for the goods described in the following TABLE in accordance with s.269SD(1AA) with effect from 28 August 2018.

On 28 August 2018, the Comptroller-General of Customs' delegate formed the belief in respect of these TCOs, that if the TCOs were not in force on that day, and applications for the TCOs was made on that day, the Comptroller-General of Customs would not have made the TCOs. The Comptroller-General of Customs would not have made this TCO because he believes that the wording of the TCOs do not provide a full description of the respective goods in contravention of s.269F(3) of the *Customs Act 1901*.

Interested parties who might be affected by this revocation are invited to provide, by close of business Wednesday 3 October 2018, a written submission concerning the proposed revocations.

For further enquiries email tarcon@homeaffairs.gov.au, or telephone 02 6229 3555.

TARIFF CONCESSION ORDERS (TCOs) NOT USED IN THE PREVIOUS 2 YEARS

The Comptroller-General of Customs is satisfied that the TCOs listed in the table below are no longer required because, in the 2 years preceding the day of this notice, they have not been quoted in an import declaration to secure a concessional rate of duty.

From Thursday, 4 October 2018, it is intended to take action to revoke these Orders under subsection 269SD(1A) of the Customs Act 1901. In accordance with subsection 269SG(2) of the Customs Act 1901, in transit provisions shall apply. If revoked, the expected date of effect will be 4 October 2018.

Interested parties are invited to provide, by close of business, Wednesday 3 October 2018, written reasons why an Order should NOT be revoked.

Please advise if any of the Orders listed below have been quoted on an import declaration.

If a request is made to retain an Order used for the granting of a Determination, please specify the Determination and the linked Item number to enable mapping to the Order and its scope.
