INTENTION TO REVOKE TARIFF CONCESSION ORDERS

It is intended to revoke Tariff Concession Orders for the goods described in the following TABLE.

I, Andrew Mumberson, a delegate of the Chief Executive Officer (CEO), declare my intention, subject to s.269SD(1AB), to make orders revoking the TCOs in the table below with effect from 27 August 2013.

On 27 August 2013, I formed the belief in respect of the TCOs, that if the TCOs were not in force on that day, and an application for the TCOs were made on that day, the CEO would not have made the TCOs. That is because the TCOs were made in contravention of s.269SD(1AA) in that there is a local manufacturer of the goods the subject of the TCOs.

Interested parties are invited to provide, by close of business Wednesday 25 September 2013, written reasons why these TCOs should not be revoked. Interested parties may consider applying for new Tariff Concession Orders on the application forms, B443 (updated March 2010) for the goods described below.

NOTICE OF DETERMINATIONS MADE UNDER PART XVI OF THE CUSTOMS ACT 1901

Under subsection 273B(2) of the Customs Act 1901, notice is hereby given of the making of determinations applying to goods of a kind specified in the table below.

In the table:

(i) the first column specifies the kind of goods to which the determination applies, any conditions specified in the determination, the commencement and cessation dates of the determination and the Determination reference number;

(ii) the second column specifies the item in Schedule 4 to the Customs Tariff Act 1995 that applies to the specified goods.

Goods ancillary to an EPBS project, including office equipment, buildings, office/personnel accommodation and goods used in activities such as land preparation, road construction and maintenance, transportation (other than pipes, pipelines, conveyors, power transmission lines, flexible flow lines, etc integral to the project and used to convey gas liquids, minerals, electricity or other materials or goods) and the provision of telecommunications and other general services are excluded. Materials, consumables and construction and servicing equipment, including all fuels, oils lubricants, adhesives, filters, protective garments, tools, ladders (other than articles auxiliary to and designed to be permanently attached to eligible goods under EPBS, such as pylons, supporting structures, staircases, ladders, railings, etc) paint, varnish and the like are ineligible under EPBS, as are spare parts used for on-going maintenance beyond the commissioning of the project.

EPBS Determinations also apply to all goods listed in the Determination when they are imported in multiple shipments, which may be from different locations at different times.

Where a number of EPBS Determinations are issued for a particular eligible good, all associated Determinations must not exceed the quantity of goods approved by the Delegate in the EPBS Project Eligible Goods List.
