**CUSTOMS ACT 1901****INTENTION TO REVOKE A TARIFF CONCESSION ORDER**

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's), delegate has declared the intention, subject to s.269SD(1AA), to make an order revoking the TCO in the table below with effect from 12 March 2014. On 12 March 2014, the CEO's delegate formed the belief in respect of the TCO, that if the TCO was not in force on that day, and an application for the TCO was made on that day, the CEO would not have made the TCO.

That is because a Tariff Policy and Advice Section review found that the goods have more than one tariff classification.

Interested parties are invited to provide, by close of business Wednesday 9 April 2014, written reasons why this TCO should not be revoked.

Contact: email [tarcon@customs.gov.au](mailto:tarcon@customs.gov.au), fax 02 6275 6376 or telephone 02 6275 6475.

**COMMERCIAL TARIFF CONCESSION ORDERS (CTCOs) & TARIFF CONCESSION ORDERS (TCOs) NOT USED IN THE PREVIOUS 2 YEARS**

The Chief Executive Officer (CEO) is satisfied that CTCOs and TCOs listed in the table below are no longer required because, in the 2 years preceding the day of this notice, they have not been quoted in an import declaration to secure a concessional rate of duty.

From Thursday, 17 April 2014, it is intended to take action to revoke these Orders under subsection 269SD(1A) of the Customs Act 1901. In accordance with subsection 269SG(2) of the Customs Act 1901, in-transit provisions shall apply. If revoked, the expected date of effect is 17 April 2014.

Interested parties are invited to provide, by close of business, Wednesday, 16 April 2014, written reasons why an Order should NOT be revoked.

Please advise if any of the Orders listed below have been quoted on an import declaration.

If a request is made to retain an Order used for the granting of a Determination, please specify the Determination and the linked Item number to enable mapping to the Order and its scope.
