CUSTOMS ACT 1901**INTENTION TO REVOKE TARIFF CONCESSION ORDERS**

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's) has declared the intention, subject to s.269SD(1AB), to make orders revoking the TCO in the table below with effect from 20 March 2014. On 20 March 2014, the CEO's delegate formed the belief in respect of the TCO, that if the TCO was not in force on that day, and an application for the TCO was made on that day, the CEO would not have made the TCO.

That is because a Tariff Policy and Advice Section review found that the goods have more than one tariff classification.

Interested parties are invited to provide, by close of business Wednesday 23 April 2014, written reasons why these TCOs should not be revoked. Interested parties may consider applying for new Tariff Concession Orders on the application form, B443 (updated March 2010) for the goods described below, worded in terms that restrict the tariff classification of the goods to one tariff classification.
