**CUSTOMS ACT 1901 - NOTICE PURSUANT TO SECTION 269K(1) - APPLICATIONS MADE FOR TARIFF CONCESSION ORDERS**

Applications have been lodged for Tariff Concession Orders for the goods described in the following TABLE.

Australian manufacturers who wish to contest the granting of a Tariff Concession Order for the goods described are invited to lodge a submission in writing in an approved form. Submissions must be lodged within 50 days of the date of publication of this Notice.

The operative date (Op.) and TC reference number follow the description of goods.

To assist local manufacturers, the use(s) to which the goods can be put follow the description of goods.

Submission forms are available from Custom Houses throughout Australia or on the Customs web site [www.customs.gov.au](http://www.customs.gov.au).

For guidance on the required description style, phone 02 6275 6404, fax 02 6275 6376 or email [tarcon@customs.gov.au](mailto:tarcon@customs.gov.au).

**CUSTOMS ACT 1901****NOTICE PURSUANT TO SECTION PARAGRAPH 269L(4B) (b) - PROPOSAL TO AMEND DESCRIPTION OF GOODS FOLLOWING AN OBJECTION SUBMISSION**

Amended descriptions have been proposed for the Tariff Concession Order applications shown in the following TABLE.

Australian manufacturers who consider that there are reasons why the Tariff Concession Order as proposed to be amended should not be made are invited to lodge a submission. Submissions must be lodged no later than 14 days after the publication of this Notice.

The operative date (Op.) and TC reference number follow the description of goods.

To assist local manufacturers, the use(s) to which the goods can be put follow the description of goods.

## THE TABLE

**NOTICE OF DETERMINATIONS MADE UNDER PART XVI OF THE CUSTOMS ACT 1901**

Under subsection 273B(2) of the Customs Act 1901, notice is hereby given of the making of determinations applying to goods of a kind specified in the table below.

In the table:

- (i) the first column specifies the kind of goods to which the determination applies, any conditions specified in the determination, the commencement and cessation dates of the determination and the Determination reference number;
- (ii) the second column specifies the item in Schedule 4 to the Customs Tariff Act 1995 that applies to the specified goods.

Goods ancillary to an EPBS project, including office equipment, buildings, office/personnel accommodation and goods used in activities such as land preparation, road construction and maintenance, transportation (other than pipes, pipelines, conveyors, power transmission lines, flexible flow lines, etc integral to the project and used to convey gas liquids, minerals, electricity or other materials or goods) and the provision of telecommunications and other general services are excluded. Materials, consumables and construction and servicing equipment, including all fuels, oils lubricants, adhesives, filters, protective garments, tools, ladders (other than articles auxiliary to and designed to be permanently attached to eligible goods under EPBS, such as pylons, supporting structures, staircases, ladders, railings, etc) paint, varnish and the like are ineligible under EPBS, as are spare parts used for on-going maintenance beyond the commissioning of the project.

EPBS Determinations also apply to all goods listed in the Determination when they are imported in multiple shipments, which may be from different locations at different times.

Where a number of EPBS Determinations are issued for a particular eligible good, all associated Determinations must not exceed the quantity of goods approved by the Delegate in the EPBS Project Eligible Goods List.

for use in the Australia Pacific LNG Pty Ltd (ABN68001646331),  
Australia Pacific LNG (Downstream) EPBS Projects follows:

- (a) two (2) only Power Generation Plants capable of producing at least 150MW with an expected normal operating production of 133MW, complete with two (2) emergency diesel power generators rated at 2.5MW each and consisting ALL of the following:
- (i) Gas turbine generators (auxiliary equipment etc.);
  - (ii) Standby diesel generator (auxiliary equipment etc.);
  - (iii) Black start diesel generator (auxiliary equipment etc.)
- (b) Components of the goods specified in (a) above, including commissioning spare parts integral to the project.

1/07/2014 to 31/01/2016

AD 01003880

Goods, imported by AUSTRALIA PACIFIC LNG PROCESSING PTY LTD (ABN43141937948), 44  
for use in the Australia Pacific LNG Pty Ltd (ABN68001646331),  
Australia Pacific LNG (Downstream) EPBS Project, as follows:

- (a) two (2) only Fuel Gas Systems, consisting of ALL of the following components:
- (i) heat exchangers (heaters/coolers)
  - (ii) filters and gas separators
  - (iii) fuel gas compressor
  - (iv) columns and vessels
  - (v) valves
  - (vi) metering skid
  - (vii) analyser systems
  - (viii) instrumentation
  - (ix) structural steel and piping
  - (x) piping racks
  - (xi) spill pads
  - (xii) hoses, couplings
- (b) Components of the goods specified in (a) above, including commissioning spare parts integral to the project.
- (c) But specifically excluding:
- (i) items peripheral to the process of function performed by the fuel gas system, including fittings, conveyors or pipelines connecting functional units to each other or to other parts of the project; and
  - (ii) auxiliary articles such as support structures, structural steel and piping racks external to the fuel gas modules.

Goods, imported by AUSTRALIA PACIFIC LNG PROCESSING PTY LTD (ABN43141937948), 44  
for use in the Australia Pacific LNG Pty Ltd (ABN68001646331),  
Australia Pacific LNG (Downstream) EPBS Project, as follows:

- (a) two (2) only Flare/Vent System, consisting of ALL of the following components:
- (i) flares (wet, dry, marine)
  - (ii) acid gas incinerator
  - (iii) flare pilots
  - (iv) pumps
  - (v) valves
  - (vi) columns and vessels
  - (vii) thermal oxidiser
  - (viii) vaporisers
  - (ix) instrumentation
  - (x) structural steel, piping, flanges and fittings
