CUSTOMS ACT 1901**INTENTION TO REVOKE TARIFF CONCESSION ORDERS**

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's), delegate has declared the intention, subject to s.269SD(1AB), to make an order revoking the TCO in the table below with effect from Thursday 02 October 2014. On 02 September 2014, the CEO's delegate formed the belief in respect of the TCO, that if the TCO was not in force on that day, and an application for the TCO was made on that day, the CEO would not have made the TCO.

That is because the TCOs are considered to be unnecessary. A TCO is considered to be unnecessary if the goods covered by that TCO can be imported under another, often more recent, TCO that often covers a broader range of goods.

Importers and customs brokers will not be disadvantaged by the revocation action, as TCOs will continue to apply to the same range of goods. Before attempting to use a TCO, an importer or customs broker should check the list of concessional instruments to ensure that the TCO still exists.

Interested parties are invited to provide, by close of business Wednesday 01 October 2014, written reasons why the TCOs should not be revoked.

Contact: email tarcon@customs.gov.au , fax 02 6275 6376 or telephone 02 6122 5540.

For information on these Customs initiated revocations see Australian Customs Notice (ACN) 2003/68 available for free on the Customs and Border Protection website:
