INTENTION TO REVOKE TARIFF CONCESSION ORDER

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's) delegate has declared the intention, subject to 15 September 2014. On 15 September 2014, the CEO's delegate formed the belief in respect of the TCO, that if the TCO was not in force on that day, and if an application for the TCO was made on that day, the CEO would not have made the TCO.

That is because the delegate has formed a belief that substitutable goods were produced in Australia in the ordinary course of business on 15 September 2014.

Interested parties are invited to provide, by close of business Wednesday 15 October 2014, written reasons why the TCO should not be revoked. Interested parties may consider applying for new Tariff Concession Orders on the application form, B443 (updated March 2010) for the goods described below, worded in terms that contains a full description of TCO goods.

CUSTOMS ACT 1901**INTENTION TO REVOKE TARIFF CONCESSION ORDERS**

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's), delegate has declared the intention, subject to s.269SD(1AB), to make an order revoking the TCO in the table below with effect from Thursday 16 October 2014. On 16 September 2014, the CEO's delegate formed the belief in respect of the TCO, that if the TCO was not in force on that day, and an application for the TCO was made on that day, the CEO would not have made the TCO.

That is because the TCOs are considered to be unnecessary. A TCO is considered to be unnecessary if the goods covered by that TCO can be imported under another, often more recent, TCO that often covers a broader range of goods.

Importers and customs brokers will not be disadvantaged by the revocation action, as TCOs will continue to apply to the same range of goods. Before attempting to use a TCO, an importer or customs broker should check the list of concessional instruments to ensure that the TCO still exists.

Interested parties are invited to provide, by close of business Wednesday 15 October 2014, written reasons why the TCOs should not be revoked.

Contact: email tarcon@customs.gov.au , fax 02 6275 6376 or telephone 02 6122 5540.

For information on these Customs initiated revocations see Australian Customs Notice (ACN) 2003/68 available for free on the Customs and Border Protection website:

AUSTRALIAN CUSTOMS AND BORDER PROTECTION SERVICE**TARIFF QUOTAS - QUOTA TRANSACTIONS PROCESSED DURING THE PERIOD 09 SEPTEMBER 2014 to 16 SEPTEMBER 2014.**

GENERAL INFORMATION

This Gazette contains details of quota transactions processed during the period 09 September 2014 to 16 September 2014 inclusive.

Part 1 contains a Table specifying quota category details.

Part 2, Section A, lists quota holders who received quota allocations via transfer transactions.

Part 2, Section B, lists all adjustments to previous allocations which have been caused by transfer transactions.

NB.- In Section B, transactions represent changes to individual tariff quotas and do not necessarily represent the entire holdings in that category for the quota holder.

- The "AS WAS" and "AS IS" columns indicate the quota levels for that particular tariff quota only at the time of that transaction.
- The amount of the transaction can be deduced by subtracting the "AS WAS" column from the "AS IS" column.

Inquiries concerning any information published within this Gazette should be directed to the Trade Branch, Australian Customs and Border Protection Service, Customs House, 5 Constitution Avenue, Canberra City, ACT, 2601.
