CUSTOMS ACT 1901

INTENTION TO REVOKE TARIFF CONCESSION ORDERS

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's), delegate has declared the intention, subject to s.269SD(1AB), to make orders revoking the TCOs in the table below with effect from Thursday 23 October 2014. On 23 September 2014, the CEO's delegate formed the belief in respect of the TCOs, that if the TCOs were not in force on that day, and applications for the TCOs were made on that day, the CEO would not have made the TCOs.

That is because the TCOs are considered to be unnecessary. A TCO is considered to be unnecessary if the goods covered by that TCO can be imported under another, often more recent, TCO that often covers a broader range of goods.

Importers and customs brokers will not be disadvantaged by the revocation action, as TCOs will continue to apply to the same range of goods. Before attempting to use a TCO, an importer or customs broker should check the list of concessional instruments to ensure that the TCO still exists.

Interested parties are invited to provide, by close of business Wednesday 22 October 2014, written reasons why the TCOs should not be revoked.

Contact: email tarcon@customs.gov.au , fax 02 6275 6376 or telephone 02 6122 5540.

For information on these Customs initiated revocations see Australian Customs Notice (ACN) 2003/68 available for free on the Customs and Border Protection website:

TARIFF CONCESSION ORDERS (TCOs) NOT USED IN THE PREVIOUS 2 YEARS

The Chief Executive Officer (CEO) is satisfied that the TCOs listed in the table below are no longer required because, in the 2 years preceding the day of this notice, they have not been quoted in an import declaration to secure a concessional rate of duty.

From Thursday, 23 October 2014, it is intended to take action to revoke these Orders under subsection 269SD(1A) of the Customs Act 1901. In accordance with subsection 269SG(2) of the Customs Act 1901, in-transit provisions shall apply. If revoked, the expected date of effect will be 23 October 2014.

Interested parties are invited to provide, by close of business, Wednesday, 22 October 2014, written reasons why an Order should NOT be revoked.

Please advise if any of the Orders listed below have been quoted on an import declaration.

If a request is made to retain an Order used for the granting of a Determination, please specify the Determination and the linked Item number to enable mapping to the Order and its scope.

INTENTION TO REVOKE TARIFF CONCESSION ORDER (ORIGINALLY ADVERTISED IN TC 14/36)

It is intended to revoke the Tariff Concession Order for the goods described in the following TABLE.

The Chief Executive Officer's (CEO's) delegate has declared the intention, subject to s.269SD (1AB), to make an order revoking the TCO in the table below with effect from 15 September 2014. On 15 September 2014, the CEO's delegate formed the belief in respect of the TCO, that if the TCO was not in force on that day, and if an application for the TCO was made on that day, the CEO would not have made the TCO.

That is because the delegate has formed a belief on 15 September 2014 that substitutable goods were produced in Australia in the ordinary course of business.

Interested parties are invited to provide, by close of business Wednesday 22 October 2014, written reasons why the TCO should not be revoked.
