CUSTOMS ACT 1901**INTENTION TO REVOKE TARIFF A CONCESSION ORDER**

The Comptroller-General of Customs intends to revoke the Tariff Concession Order (TCO) for the goods described in the following TABLE in accordance with s.269SD(1AA) with effect from 11 May 2016.

On 11 May 2016, the Comptroller-General of Customs' delegate formed the belief in respect of this TCO, that if the TCO was not in force on that day, and an application for the TCO was made on that day, the Comptroller-General of Customs would not have made the TCO. The Comptroller-General of Customs would not have made this TCO because he is aware of substitutable goods being produced in Australia in the ordinary course of business.

Interested parties who might be affected by this decision are invited to provide, by close of business Wednesday 8 June 2016, a written submission concerning the proposed revocation.

Industry Assistance contact: email tarcon@border.gov.au, or telephone 02 6264 4179.

COMMERCIAL TARIFF CONCESSION ORDERS (CTCOs) & TARIFF CONCESSION ORDERS (TCOs) NOT USED IN THE PREVIOUS 2 YEARS

The Comptroller-General of Customs is satisfied that the CTCOs and TCOs listed in the table below are no longer required because, in the 2 years preceding the day of this notice, they have not been quoted in an import declaration to secure a concessional rate of duty.

From Thursday, 09 June 2016, it is intended to take action to revoke these Orders under subsection 269SD(1A) of the Customs Act 1901. In accordance with subsection 269SG(2) of the Customs Act 1901, in transit provisions shall apply. If revoked, the expected date of effect will be 08 June 2016.

Interested parties are invited to provide, by close of business, Wednesday 08 June 2016, written reasons why an Order should NOT be revoked.

Please advise if any of the Orders listed below have been quoted on an import declaration.

If a request is made to retain an Order used for the granting of a Determination, please specify the Determination and the linked Item number to enable mapping to the Order and its scope.
