## TAPIN Notes:

The goods the subject of TC 0613479 fell to three different tariff classifications, one of which has a free rate of duty. As a TCO revoked due to classification error must be reissued, it was considered necessary to reissue TC 0613479 as 3 separate TCOs, despite the fact that a TCO should not be made for goods that have a Free rate of duty. It is now necessary to revoke the TCO for goods with a Free rate of duty: TC 0618603
